# Restructuring Committee

- ▶ Kindergarten classes have averaged ~210 students for the past six years. Future classes are projected to be similar.
- ▶ As these grades matriculate through our system, the district's enrollment will stabilize at ~2,600 students. At its peak, the district enrolled ~5,000 students.
- ▶ Approximate enrollment projections by level:
  - ▶ Elementary (K - 5) 1,250 students
  - ▶ Macopin (6 - 8) 625 students
  - ▶ WMHS (9 - 12) 725 students
- ▶ The Restructuring Committee was created to examine one critical question:  
*Can the district afford to operate 8 schools plus Highlander Academy?*

# Next Steps

- ▶ The District has applied for a New Jersey Department of Education **Stabilization Grant** for the 2023-2024 school year. As part of the grant, the District included a plan of action to stabilize its finances. Restructuring from six elementary schools to five is part of this plan.
- ▶ Final Subcommittee Meetings will be held in September and October. The focus of these meetings will be to further examine the feasibility of repurposing Westbrook School. All information (agendas, minutes, reports, etc.) will continue to be posted on our website.
- ▶ Final Report and presentation will be at the November/December Board of Education meeting.
