

Chromebook Protection Plan

2024-2025 School Year

Parents/Guardian(s) of all students are encouraged to enroll in the Annual Chromebook Protection Plan if their child intends to take home a district-issued device. This plan covers the cost of repair or replacement in the case of accidental damage up to two incidents per year. The annual cost of this Protection Plan is:

- Individual student.....\$20 /yr
- Family coverage.....\$40 /yr (2 or more students from the same household)

While there is no cost to use the Chromebook, student-issued Chromebooks must be maintained and handled responsibly. The protection plan covers the Chromebook, power adapter, case, and any loaner device issued to the student in the event their issued Chromebook needs to be repaired.

This Protection Plan does not cover misuse, neglect, intentional damage, loss, or permanent misplacement. In these cases, the parent/guardian may be financially responsible for the entire cost of repairs or replacement of the device. In the event of theft, an official police report will be required.

Without the Protection Plan, parents are financially responsible for any repair(s) deemed necessary to the student's Chromebook, loaner Chromebook, power adapter, or case. If the Chromebook cannot be repaired, the cost/charge could be the full replacement cost of the device.

We highly recommend that parents/guardians take advantage of this Protection Plan.

Payment can be made by check or money order made payable to "West Milford Township Public Schools". Please complete and /return this form with payment to the Main Office of your school. You may enroll at any time, but enrollments received after **September 30th** will require a 14-day waiting period before coverage takes effect.

I would like to enroll in the... **Individual Plan \$20** (1 student)

Family \$40 (2 or more students)
